## After Iraq, Montenegro is the 14<sup>th</sup> country in which Hexol<sup>®</sup> lubricants make themselves known

With Montenegro, the presence of Hexol<sup>®</sup> lubricants extends to 14 countries. A new external market is added to the already existing: Bulgaria, Croatia, Hungary, Malta, Macedonia, Moldavia, Serbia, Slovenia, Ukraine, Cyprus, Bosnia-Herzegovina, Iraq and Romania.

The local Hexol<sup>®</sup> partner for the Montenegrin market – **AutoCommerce d.o.o.** – is a company with experience and tradition in the commerce of spare parts and consumables for the automotive and industrial market. Established in 2010, **AutoCommerce d.o.o.** has accumulated a substantial client portfolio that extends throughout the entire territory of Montenegro.

***“Having two large logistical centers, in Podgorica and Pljevlja, our new partner has the necessary economical heft to develop the Hexol<sup>®</sup> brand and increase the presence of our products on the Montenegrin market.”*** Declares Daniel Condratov, company president.

The development process continues.
