

HEXOL DE ICER

DE-ICING FLUID

PRODUCT DESCRIPTION

HEXOL DE ICER is specially formulated to remove quickly the ice from the glass surfaces of the vehicle. Contains high volume of alcohols and special additives providing high ice melting power.

PERFORMANCE FEATURES

Contains aliphatic alcohol to prevent freezing.
Contains detergents which assures windshield cleaning.
The concentrated formula ensures anti-freeze properties up to -35°C.
Toxic in case of being swallowed.
Soluble in water.

APPLICATION

Is suitable for defrosting of windscreen, outside mirrors and other glass surfaces of vehicles.
Can be used to unfreeze locks.

Spray HEXOL DE ICER from 15-30 cm on iced surfaces. After a few seconds the ice starts to melt and can be easily removed with a scraper or windshield wipers.

PROPERTIES

Physical State	liquid
Smell	alcohol
Colour	blue
Solubility in water	Completely Soluble
Gravitation at 20°C [kg/l] max.	0,935-0,95
Freezing Point [°C]	-35
