Hexol® Lubricants in Cyprus!
Hexol® Lubricants - another distributor in Cyprus

Despite the sensitive economic context, we continue the plans to expand and consolidate the **Hexol®** distribution network on international markets and now we are proud that **Hexol®** products are even closer to customers in Cyprus.

P. Smilas Trading Ltd is our new partner, was founded in 1994 and today is one of the leading distributors in Cyprus with over 25 years of experience in the field of lubricants.

*"During our 25 years of activity, we have chosen to collaborate only with those with whom we share common goals, that is why we are convinced that this time too, we made the best choice to develop the **Hexol®** brand in Cyprus"- states Mr. Daniel Condratov - President of Hexol®.*
