## **Hexol® - another step forward on the international lubricants market by participating at Automechanika Frankfurt 2024**

**Hexol®** present again at another edition of one of the most prestigious profile fairs - Automechanika Frankfurt, which took place in Germany, last month.

Prominent companies from over 80 countries were present at the largest fair in Europe, **Hexol®** being the only Romanian company in the field of lubricants that participated as an exhibitor.

This internationally renowned fair is another important opportunity for **Hexol®**'s development, the company's team of specialists establishing relationships and connections with companies around the world.

*"In order to remain competitive and keep up with this continuously evolving market, participating in such trade fairs helps us to be one step ahead in this industry. We are proud of our progress, years of experience allow us to innovate and develop strategies according to trends and economic developments for successful results"* states Mr. Daniel Condratov - President of **Hexol®**.
